Vitalise Holidays is a charity providing a variety of holidays for visually impaired people and sighted guides.

This summer we are heading out to the **Peloponnese** in **Greece** where we will enjoy dinghy sailing on the Mediterranean coastline.

We will have full use of a large selection of high performance dinghies, an extensive range of RYA tuition and access to a selection of windsurfers.

This holiday is available to all levels of visually impaired sailors from beginner to expert.

We are always looking for more sighted guides. Are you a competent sailor able to helm and crew a variety of boats with a blind person?

If you are interested please contact the **Vitalise Holidays Team**.
